Dear Mr Manners

COMPLAINT AGAINST MR DAVID HILLAM

The Board, at its meeting on 6 August 2013, considered your complaint against David Hillam and his subsequent response and has decided that there is no proper cause for disciplinary action against Mr Hillam.

The Board is of the view that this matter is related more to a building defect issue rather than one that is the responsibility of the architect and therefore the Board does not consider Mr Hillam's conduct to have been unprofessional.

Mr Hillam, in his response to the Board, advised that he had made contact with you to try to resolve the issue and that he is prepared to continue to pursue the matter on your behalf.

Yours sincerely

Veronica Candy
Acting Registrar
