Some comments from last year ...

I thought Freedom Factory 2009 was a great success and I am certainly looking forward to the 2010 event. Such an array of prominent speakers was fantastic!

Maurice Rousset, Property Consultant

I certainly found the event to be of worth. In fact, I would describe it as excellent!

Nathan Taylor, Manager Economic Policy Chamber of Commerce and Industry

I had a great time and everyone I spoke to seemed to enjoy it too. Well done! Hopefully it will be the first of many more (Freedom Factory Conferences) to come.
