

# AMBASSADOR PROGRAM

Mannkal Economic Education Foundation has had an associated Ambassador group since the very early days of Mannkal's institution. Originally the Ambassadors were a loose group of friends of Mannkal who were interested in progressing the cause of liberty here in Perth. They saw Mannkal as a mechanism to achieve this and were willing to provide some financial support.

## Our Program

As our numbers grew, we recognised the strength in the associated group and its potential to have a greater impact, so in 2022 we formalised the Ambassador Program to incorporate three streams:

A mentoring program for Mannkal scholars - this is a voluntary scheme matching Ambassadors to Mannkal Scholars which typically sees the Scholar and Ambassador meet for a discussion every 4 to 6 weeks to help with career and personal coaching.

Direct involvement in the Mannkal Scholarship Program - there is potential for Ambassadors to present student seminars to our Mannkal Scholars sharing their professional expertise and wisdom.

An education program for Ambassadors - every 3 months we aim to host an informal education and discussion session for Ambassadors. The topics reflect the Mannkal philosophy of promoting liberty and free markets

# AMBASSADOR PROGRAM

## Our Ambassadors

Mannkal's Ambassadors come from a wide range of backgrounds: business, politics, public policy, academia, entrepreneurs, finance, mining, law, agriculture, and retail. There is also a range of life experience, from recent graduates (and ex-Mannkal scholars) to wise old owls now enjoying semi-retirement. Ambassadors provide a financial contribution to Mannkal. This is typically \$1,000 per year (tax deductible) with a number of our Ambassadors willing to provide more based on their circumstances.

## Affiliations

Mannkal has many global and domestic relationships with other like-minded organisations. We are not affiliated with any political party although many of our members are active in politics.

## Contact

If you are interested in becoming involved in the Ambassador Program, please contact:
